### Good Advice.

Bryan, at Chicago, emphatically denies that he is a candidate for the Democratic nomination; denies emphatically that he will be and declares that he will not be the candidate of the party for the presidency. And he proceeded to give expression to some views worthy the utmost consideration and respect, saying:

"The returns, taking the country over, indicate no landslide in prospect toward either party. Republican gains in the East indicate that predatory interests are lining up back of the president. Every inch of ground will have to be fought over. We have another session of congress which will materially affect the campaign, and of course, no one can speak with any certainty in advance. All that is apparent now is that the campaign will be a sure enough fight and not a one-sided contest."

In other words the Democrat in office or the Democrat in the ranks who deduces himself with the belief that the Republican party is dead, or who is inclined to the opinion that it is discouraged to an extent that will make Democratic victory as swifter as it was, for example, when Franklin Pierce swept the electoral colleges against Winfield Scott, is a victim of political hallucination. Mr. Bryan is right: The victories of 1910 and of 1911 presage Democratic victory in 1912. Not a doubt of that! But it is in overconfidence of the Democratic party that the Republican party, backed by trust millions, will find its greatest hearing.

It took Democratic talk, Democratic work, Democratic organization, Democratic confidence in the justice of its cause and Democratic votes to win the victories of last year and of this. It will take the same things to bring about Democratic success in 1912—with the added element of Democratic fulfillment of election pledges made this year and last year. The Republican party is not going to surrender. It is not going to give up. It may put on a look of pain and despair, but it will be most dangerous when it does so. It will be backed by a splendid organization, by an abundance of money and by all things which have been repudiated by the people. But the fight of 1912 is not completely won today. There will be a fight next year and it will be a fight from start to finish. Today the Democratic party has all the advantage—but let it use its advantage rightly. That done, the result next year will not be in doubt. But never believe that the Republican party will give up the White House without a bitter struggle!—Owensboro Messenger.

"It cannot be that earth is man's only abiding place. It cannot be that our life is a bubble cast by the ocean of eternity to float a moment upon its waves and sink into nothingness. Else, why is the high and glorious aspirations which leap like angels from the temple of our hearts are forever wandering unsatisfied? Why is it that the rainbow and cloud come over us with a beauty that passes off and leave us to muse of their loveliness? Why is it that the stars which hold their festival around the midnight throne are set above the grasp of our limited faculties, forever mocking us with their unapproachable glory? And, finally, why is it that the bright forms of human beauty are presented to our view, and taken from us, leaving the thousand streams of our affections to flow back in an aching torrent upon our hearts? We are born for higher destinies than that of earth. There is a realm where the rainbow never fades, where the stars will be spread out before us like the islands of a vast sea, and where the beautiful beings which pass before us like the shadows will stay forever in our presence." In these beautiful thoughts we can find much to be thankful for, even if a vacant chair is in our home and the dark side of life seems turned toward us. They will place a silver lining behind any cloud. As a matter of fact we all have much to be thankful for.

Optimists as to the net results of the coming session of Congress vary not a little. Some of the statesmen already in Washington believe that Congress will pass practically no legislation. Others are just as certain that it will deliver deeply into tariff legislation. It is not very probable that Congress will transact very much business, as both parties will probably feel disposed to go ahead with much caution on the eve of a big political campaign, in order to make as few mistakes as possible. The currency will receive a good deal of attention, and an effort will be made to adopt the Aldrich plan for a central bank. The Democrats are disposed to abolish the Commerce Court, which they accuse of being too strongly biased in favor of the transportation interests. They declare unequivocally that they have "got it good," as the sporting editors say. The "Federal Reserve" water improvement will try to have a definite policy adopted, and the trust busters are due for a lot of anti-trust legislation.

CONGRESSMAN R. L. Henry, of Texas, chairman of the Rules Committee of the House, will make an effort during the coming session of Congress to amend the Sherman anti-trust law that "trust criminals," as he terms them, may be put in jail when they violate the law. He is convinced there is no other remedy for the trust evil. "Pines and dissolution suits are child's play for trust magnates," he said, explaining the bill he will introduce. "Federal's stripes is the only remedy for these commercial outlaws who violate the law. My bill legislates the 'rule of reason' out of Sherman law, and specifically defines just what constitutes a trust, so that there can be no further evasion on the ground that the statute is ambiguous." The Henry bill will provide imprisonment for not less than two years for each violation. The Texas member has assurances, he says, that his bill will become a law.

"On the tariff the President occupies the position of a Dr. Jekyll and Mr. Hyde," declares Oscar Underwood, Democratic leader of the House. "When tariff legislation is up the protected interests of America are always able to convert him into Mr. Hyde, standing for all the indefensible intricacies of a high protective tariff. As soon as the tariff legislation is out of the way, and the big interests have got what they want, and the President's genial smile radiates from the back of a Pullman car, he becomes a Dr. Jekyll, with the gentlemanly intention of relieving the American people from the indefensible burden of taxation that his former acts put upon them."

The country press of Kentucky, notwithstanding the Democratic ticket, made the election and furnished the issues upon which the race was won, and we do not believe they did it either for glory or

in Lexington, last week, was an interesting event. Several days before, the family of his brother on the campus.

Mr. and Mrs. Henry C. C. will move about December 15, into the residence on Lancaster avenue occupied by Mrs. J. W. Zaring. Mr. Allen Zaring and his mother will occupy rooms in the same building.

Mr. Alex. Howles left yesterday for Frankfort where he has been engaged to assist in making the music for two performances at the opera house and will also take part in the Elks' Memorial services in that city on next Sunday.

Editor Green Clay Walker, of Lancaster, was in the city Friday and paid this office a pleasant call. Mr. Walker is getting out one of the best weekly papers published in Central Kentucky, and was here to secure advertising for his publication.

Mrs. John R. Gibson will give a linen shower this afternoon at her home on West Main street in compliment to Miss Lucy White Booker, whose wedding has been announced to take place, Dec. 6, at Ellettsville, the home of Miss Booker's aunt, Mrs. Ellen Gibson, in this city.

Dr. H. C. Jasper and Mr. James R. White have returned from a very pleasant outing in Arkansas. While there they enjoyed several days fishing and hunting, and report came plentiful in that section. Dr. Jasper owns a large tract of land in Arkansas and is preparing to have cultivated the next year's large crop of cotton. Mr. White was greatly pleased with the country and may decide to make investments during the next few months.

A telephone message last week to Mr. Sanford Newton, of Kirtlandville, announced the serious illness of his sister, Mrs. G. T. Linsey, of Jellico, Tenn. Mrs. Linsey was, before her marriage, Miss Fannie Newton and was a resident of this city many years ago when her father, Mr. J. J. Newton, owned and edited the old Richmond Herald. Many acquaintances of Mrs. Linsey in this city will sympathize with her in her illness and all trust she will soon be restored to health.

Mrs. Thos. J. Smith, of Richmond, the president of the State Federation, delivered an interesting address to the Women's Club Saturday afternoon in their rooms at the Public Library. She related graphically the good work done in the past for better schools and civic improvements, and proposed that the league now add to its programme an appeal for an appropriation from the Government to convert Mammoth Cave and the surrounding property into a National Reservation. A musical and informal reception followed the address. During her visit here Mrs. Smith was the guest of Mrs. Luther Williams—Shelby News.

"Uncle Alex" Pence, the Sage of Popple, purchased 100 shares of Popple Bank Stock Monday at good figures. Auctioneer Watts sold 2 shares at \$103.25 and 12 shares for \$103. Mr. Pence making both purchases—Winchester Democrat.

### For Kentucky River.

In the report of Gen. Blythe, Chief of Engineers, he names \$108,000, as the amount to be appropriated for Kentucky River. This is to be used in 1913 for the completion of Lock No. 14, the last one provided for in the existing scheme.

### Christian Church Items.

Next Sunday will be Patty A. Clay Memorial Day in all the churches. Attendance at Sunday School, 271; special offering for American Missions, \$61.25.

Rev. James M. Bailey of Farmington, Mo., a classmate of the pastor's, preached an able sermon Sunday night.

### Judge Black Ill.

Judge W. R. Black, of Harboursville, was taken suddenly ill last week, and is now in St. Joseph's Hospital, Louisville. An operation was performed, and the news from his bedside is very discouraging. Judge Black has many relatives and friends in this county who will regret to learn of his illness.

### Location of Suits.

In affirming a decision in a case resulting from damage to a car load of apples, for which the railroad was sued, the Court of Appeals says the suit must be brought either where the defendant resides, where the contract was made, or where the goods were delivered, and no other courts have jurisdiction.

Mr. Poultryman—If you are not getting eggs, don't blame the chickens. Help them along by feeding Conkey's Laying Tonic. Stockton's drug store has it.

### Shelton Gets New Trial.

The Appellate Court, Friday last, reversed the Madison Circuit Court in the case of Tyca Shelton against the Commonwealth, and remanded for a new trial. Appellant was sentenced to life imprisonment for the murder of Martha Pigg in this county, about a year ago. In reversing the Court says that, in shooting a person with whom he was in a difficulty, Shelton accidentally killed the woman, the act would be excused by the law as an unavoidable casualty, and says this jury should have been so instructed.

### Mrs. Stone Walker Injured.

Monday's Louisville Courier-Journal contained the following account of an accident which befell Mrs. Stone Walker, formerly of this city. "Mrs. Stone Walker was burned about the neck and hands and Emma Jacobs, a negro maid, sustained dangerous injuries by the explosion of an acetylene gas tank at the home of Mrs. George Boone on the Prospect car line near the Country Club, shortly after 5 o'clock last evening. Mr. and Mrs. Walker have been living at Mrs. Boone's residence while all alterations were being made at their own home. Last evening an acetylene lighting apparatus got out of order, and the colored maid, under the direction of Mrs. Walker, attempted to follow the difficulty. An explosion followed, the maid sustaining severe burns about the breast and face. Mrs. Walker's injuries were not dangerous. Mrs. Walker was given medical attention at the residence by Dr. Keefe and Dr. Hobson, of Harrodsburg. The maid was brought to the Citizens National Hospital in Green street, near First, for treatment. The Boone residence was not damaged to any great extent by the explosion."

## OLD PURITAN BIBLE BOXES

Curious Carved Chests for the Safe-keeping of Copies of the Scriptures.

Almost invariably after some great wave of religious enthusiasm, we are confronted by strange fragments of salvage called the relics of a departed hour, says the Queen. Such were the devotional carvings of the middle ages—the triplicates, the private tabernacles, the beautiful little ivory madonnas.

Among such memorials are the vast old Puritan Bible boxes. Cumbrous, ancient arks, into which the revised version of James I. was once committed for safe ward-keeping. The sound oakboards with which they were made have resisted the tooth of time. In the long journeys of the men of the Puritan period, when the scriptures were part of the daily accompaniment of life, the provinces of these old boxes may readily be seen. Within the home they were made to contain those ponderous family Bibles in which, especially during the commonwealth, the head of the house carefully inscribed the birth, death or marriage of his children with other memorabilia of family life. This circumstance in the absence of other authentic records, and the lack of parish registers, has sometimes proved an invaluable aid. How little we could have spared, for instance, that volume in which Milton recorded the very hour and minute of his children's birth.

Ash wood was sometimes used in the manufacture of Bible boxes, but oak was the most popular for its superior powers of resistance, for we must remember they were at times in the possession of ecclesiastical stewards, the vigor of whose preaching was sometimes calculated by the amount of damage done to the pulpit furniture.

Throughout the commonwealth, and by the general convention of 1656, traveling ministers were gratuitously supplied with Bibles, a very expensive item; and in struggling parishes the book, with its appropriate cover, often formed the sole effects of a new conventicle. It is a curious fact that Bibles were sometimes subjected to raffling, even in those austere days. In 1675 one Dr. Widda bequeathed \$250 for the purpose of providing Bibles to be raffled among the poorer brethren.

### Costly Picture in Lumber Room.

A picture estimated to be worth \$35,000, which for so many years was hidden away in a lumber room at St. Mary's hall, Coventry, has just been restored and put in a place of honor in St. Mary's hall. Owing to damp and an accumulation of dust and dirt, the picture had become so defaced that the corporation of Coventry had decided to sell it if they could get \$375 for it. But Messrs. Todd & Co., a London firm of picture restorers were at work upon the picture in St. Mary's hall, and one of their experts recognized it as a masterpiece. It was found to be one of the finest examples extant of the work of Jacob Jordaens, a pupil and fellow-worker of Rubens. Jordaens was born in Antwerp, and the picture was probably painted about 1640. It represents Bacchus springing from his car upon a seagull. The canvas is about thirty feet by ten feet high. Presented to Coventry by Edward Ellice, M. P., in 1855, little value was attached to it, and it was subsequently consigned to the lumber room.

### A Most Generous Nature.

They had been married but a short time, and their happiness was idyllic. The slightest violation of law; his merest whim was gratified. And all this on \$7.50 a week! "Today," his wife murmured, as they sat together after their evening meal, "I saw the loveliest lace curtain. And she asked, 'But I know you wished to economize, so I didn't set them.'"

### Odd Ways of Catching Fish.

The fishers are said at one time to have taught bears to jump into the sea and catch seals. In China birds do equally well, for at a signal they dive into the lakes and bring up large fish strapped in their bills. In Greece the fishermen use branches of pine steeped in pitch and lighted; the inhabitants of Amorgos used cypress-leaved cedar, which served when lighted as a flaming net. In China the fisherman uses a large net and seldom fails to draw out considerable quantities. Anchovies are fished for in a similar manner.

### Hopeful of Results.

"Your wife is taking a tremendous interest in astronomic economic questions," replied Mr. Meekton; "and I'm glad of it. Maybe it will result in her conversation's putting me to sleep instead of keeping me awake."

### Mr. Giovannioli Honored.

Another merited recognition has come to Harry Giovannioli, of Danville. Mr. Giovannioli, who was chairman of a committee which recently completed an inquiry into the revenue cutter service, has just been made chairman of a committee appointed by Secretary MacVane to report upon the operations of the office of the Supervising Architect of this work is in connection with Secretary MacVane's efficiency and economy campaign which has been in progress more than a year.

### Place your order for Thanksgiving turkey with Oulton.

### Holmes Arrested.

Charles Holmes, who escaped some months ago from the Richmond jail, was arrested last week in Laurel county. Holmes went to a livery firm, in Mt. Vernon, about two days ago, and asked for a saddle horse to ride to Frills county. Several days elapsed and when search was made the man and horse were found in Laurel, where he has been indicted for the crime and his trial will come up in a few days. Holmes is the man that was charged with breaking into the postoffice at Helges, Clark county, and was placed in jail here from which he managed to escape.

### The L. & N. Railroad has taken formal action to put into execution its plan to operate its own telephone and telephone lines on its entire system.

It has filed in Louisville amended articles of incorporation increasing its powers so as to give it full rights of telegraph or telephone service.

## Malthoid Roofing

Most roofing guarantees are a joke. Experience teaches the longer a roofing is guaranteed to last, the poorer it is.

Manufacturers inexperienced in making roofings—without knowledge as to their dependability—without responsibility as to their own financial standing, will very often guarantee their roofing for any number of years simply to get the order.

The roofing generally fails and so does the firm that makes it and they never live to make good their guarantee.

Malthoid Roofing is made to make good and while its manufacturers guarantee it, their guarantee is unnecessary because the roofing in itself is sufficient to do all that is claimed for it.

For twenty-six years, The Paraffine Paint Co., of San Francisco and Chicago have made and guaranteed their roofing and not one single purchaser can ever say that Company has even hesitated to make good a guarantee.

You can depend upon the responsibility of the makers of Malthoid Roofing, and you will never have to bother about guarantees if you use Malthoid Roofing.

## Deserted Farms.

Young people are leaving the farms for the city. In 1890 but 23,708,420 out of a total population of 62,917,711, or 36.1 per cent. were town dwellers. In 1900 30,780,835 out of a total population of 75,994,553, or 40.5 per cent. were found in cities. In 1910 42,023,333 out of a total population of 92,463,333, or 45.4 per cent. were dwelling towns and cities. Good roads is the remedy.

## State Finances.

At the close of business on November 1st, the outstanding warrants amounted to a little over \$1,000,000 and it is believed that about one million of this amount will be called in about December 10th, and stop the payment of interest. State Treasurer Edwin Farley stated recently that no definite calculation had been made yet, but a general estimate had been made and that he believed that something near a million dollars worth of the warrants would be called in for payment. When the warrants went out of office they left something like a million and a quarter dollars in the Treasury. The Republicans will leave nearly a million dollars of debt drawing interest as well as a large floating debt.

## May Cut Off Berea.

Under the heading of "What's Doing Among Politicians," in the Louisville Times, appears the following: There is considerable talk of a bill being introduced in the coming Legislature providing for the cutting off of a portion of Madison county and adding it to Jackson county. The portion desired to be cut off is the territory around Berea, which adjoins Jackson county. It is pointed out that the inhabitants of the Berea section are not in sympathy with the rest of Madison county and its institutions, being principally people from the North, who, it is claimed, believe in negro equality and the education of the races, as formerly practiced at Berea College, and that there are no negroes in Jackson county would be more in keeping with their environment, politically and socially. Another happy result of the proposed change would be to make Madison county nearly one thousand Democratic instead of usually Republican by a small margin.

## Inaugural Invitation.

As the inauguration of the governor is a matter of public interest to the whole people, the committee has decided, instead of attempting to formally issue individual invitations, to make the invitation a general one to all Kentuckians, and thus avoid any appearance of discrimination. Below we publish the invitation:

"The inauguration of James B. McCreary, as Governor, and Edmund J. McDermott, as Lieutenant Governor, will take place at the Capitol, Frankfort, at noon on Tuesday, December 12, 1911.

"All Kentuckians, regardless of party affiliation, are most cordially invited to attend the ceremonies incident to the inauguration.

"Clubs and other bodies that wish to participate, should notify the Executive Committee as soon as possible, in order that they may be assigned positions in the parade.

## Higher Draft Price Secured by President Neal.

Capt. William Neal, president of the Bluegrass League, has returned from the annual meeting of the National Association of Professional Baseball Leagues, held at San Antonio, feeling much elated over having secured a victory in both the points he brought up for the consideration of the magnates.

President Neal fought the good fight for an increased draft price for players in Class D, a guaranteed increase being granted all along the line. Class D players who are graded by higher clubs next season will net the club from which they go \$100, instead of \$800, the previous standard, subject, of course, in the ratification of the National Commission, which it is thought will be gained without much difficulty.

Another pet project of Capt. Neal was adopted, after he had presented the matter to the attention of the magnates. This was his plan to grade the players the same as the players in the lower leagues, to keep them on the reserve list of leagues, as players are on individual club reserve lists, and thus a draft commission would be able to select lower league players at a very draft price.

The "boys in blue" will benefit by this arrangement, thinks Capt. Neal, as the players paid by the draft rules, as he believes that all worthy players of the league will be able to make money in the draft.

Good to make money in the draft, as players are on individual club reserve lists, and thus a draft commission would be able to select lower league players at a very draft price.

### Farmers' Union.

Saturday last, P. L. Barnett, of Paducah, made a speech at the court house in this city in advocacy of the Farmers Union. There was present a very fair crowd, and Mr. Barnett spoke with the clearness and point that characterizes a man who has held an office in the brotherhood. His speech, though replete with doctrines pertinent to the order, and we fully vouch for the truthfulness and the good he says will necessarily accrue from its adoption. He claims that much good will attend the efforts of the members. We are the farmer's friend, and we are anxious they should be in every branch that will help them.

### Sheep Quarantine To Be Raised.

It will be very gratifying to the Madison county sheep growers to know that Federal Inspector A. J. Payne informed the Kentucky Live Stock Sanitary Board that he had recommended the raising of the quarantine on Kentucky sheep by April 1st. The quarantine was put on account of the prevalence of scabies. Dr. Payne said that all counties except a few, this disease had nearly disappeared and the Virginia order was such that it could be dropped on or about April 1st.

## Democrats

You want Good County Government, don't you? The only way to get it is to elect Good Officers. It is your duty to yourselves as taxpayers to know positively which one of the candidates for the nomination for County Attorney will give the best service for the money paid him. It is a business proposition strictly—not a matter of sentiment, friendship or close acquaintance. You want a lawyer that has had the proper training and experience and who is honest and energetic. Which Candidate's Record Is THE BEST?

If that of any other is better than mine vote for him. If mine is best vote for me and I will appreciate it. J. J. GREENLEAF.

## Children Injured

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be overcareful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Remedies as the safest and most dependable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of our remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Remedies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They are a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Remedies completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50c. Remember, you can obtain Rexall Remedies in Richmond only at our store.—The Rexall Store, H. L. Perry's Drug Store.

## To Ask His Help.

New life has been imparted to the tobacco grower in Kentucky since the election of James B. McCreary for Governor. The growers have the promise of the Governor's election that he will help them right the wrongs done them. In a letter to the tobacco grower Mr. McCreary promised to aid the tobacco growers in every way to pass such legislation as will be necessary to protect them and enforce the law against the tobacco trust. With this promise direct from the Governor there will be several measures drawn up and submitted to him before the Legislature meets with the request that he submit the one he thinks best to the Legislature along with his message; unless something is done to aid the grower the tobacco crop will be greatly reduced in acreage in this State next season. As Mr. McCreary has stated since his election that he would endeavor to carry out his campaign promises, much is expected from him in assistance from the tobacco growers.—Louisville News.

## No Use Kicking, Brother.

It so happens that about the time we have liquidated for the Thanksgiving turkey with cranberry icing "Sweetie" comes tripping merrily blithely with the tantalizing cheeks and go-go eyes and down we go again, eleven dollars and sixty cents, for an album, as a holiday amusement to the queen; and hence, in the language of sacred poetry, "life is just one damn thing after another."—Lexington Herald.

## Tax Case Decided.

Judge Benton has filed his decision in a suit against Berea College, one of the State Revenue agents had filed suit against the college, asking that certain properties of the college, such as the water plant, store, printing office, laundry, and hotel, all operated by the college, should be forced to pay taxes. The college contended that they were exempt under the law, and this view was upheld by Judge Benton, in accordance with the decision of the Court of Appeals in a similar case against the Midway school some years ago.

"I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. D. B. Arnold of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by Stockton & Son.

## The Tables Turned.

It was time for baby girl to be in bed, but no amount of coaxing could make her. At last father offered to lie on the bed with her. She went "pick-a-back," and the tired mother leaned back in her chair with a sigh of content ready for a hard-earned rest.

Ten minutes—twenty—half an hour and she was wondering when father would be down, when all at once she heard a soft, stealthy "pick-a-back." Nearer came the steps, and then a little white-robed form with a tiny finger on her lip stood in the doorway.

"Hush, hush, mother," she said, "I've got far better to sleep."—Tit-Bits.

## Just In Time

Some Richmond People May Wait Till It's Too Late.

Don't wait too late. Be sure to be in time. Just in time with kidney pills. Means curing the backache because chronic. Before serious urinary troubles sets in.

Doan's Kidney Pills will do this. Here is testimony to prove it.

Mrs. Mary Hinson, 21 Sirother St., Mt. Vernon, Ky., says: "I had a kidney trouble for some time. I had dropsy and could not expect to recover. They gave me a year to prepare for my sad fate. The kidney secretions were natural and my body bloated. I was nervous and suffered severely from headaches and dizzy spells, during which spots floated before my eyes. I often had to grasp something for support. My back was also very weak and could not stoop to button my shoes. In fact, I could hardly get around. I was so much impressed by a testimonial given in praise of Doan's Kidney Pills that I decided to try them and procure a box. They gave me prompt relief and I continued taking them until I was in good health. I have but little trouble from my kidneys now." For sale by all dealers. Price 50c.
